NOTE to State Agencies:

If this Qualified Information Systems Vendor provides consulting services and if the value of the consulting contract is reasonably foreseen to exceed \$10,000.00, please refer to the Private Consultants Act, Texas Government Code, Chapter 2254, Subchapter B.

NOTES to all Eligible Purchasers:

- Only Automated Information System (AIS) products and services may be purchased from this catalogue. Products not eligible for the catalogue purchase procedure must be edited out by the vendor.
- Disregard any statement in this catalogue that states that prices and availability may change without notice. This catalogue is required to be kept current by the vendor.
- Disregard any "proprietary, confidential, copyright (C), all rights reserved" statements in this catalogue. Eligible purchasers are allowed to make copies of this catalogue.
- For services and products offered in this catalogue that have only one price, the price shown may be considered both the list price and state price.
- Any terms and conditions in this catalogue that conflict with the Constitution or laws of the state of Texas shall not be enforceable and, therefore, will not be binding.
- All AIS products and services offered in this catalogue conform and comply with all applicable standards adopted by the DIR; and all products conform to all state and federal requirements such as ANSI, FCC, NEMA, OSHA and UL standards.
